NOVEMBER 16 AND 17

Quaecumque vera

“Whatsoever things are true”

The University Coat of Arms

In June 1994, His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of Canada, presented the University of Alberta with its Coat of Arms. The full Coat of Arms is displayed at ceremonial occasions such as Convocation, and is used by the Chancellor, the titular head of the University.

On the shield is a representation of the topography of Alberta rendered in the colors of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

On the crest is a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and an accepted symbol of knowledge. The Pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University, support the shield. Both wear collars of the University colors, as does the owl. At the base of the coat of arms is a grassy mound with wild roses, the floral emblem of Alberta with the University's motto: *Quaecumque vera* (“*Whatsoever things are true*”).

Please Note: The Jubilee Auditorium is a “smoke-free” facility.

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information presented is current as of the program printing deadline.

The assistance of the Music Performance Trust Fund and the Edmonton Musicians' Association is gratefully acknowledged.

Photographs may be taken during the ceremony, but we ask that photographers do not approach the stage area and ensure that aisles and stairways are kept clear.

Greetings to the Graduates

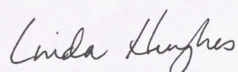

The pomp and ceremony of convocation reflects a long tradition of celebrating achievement at university. Each of you devoted years of study and hard work to accomplish your goals and today your proud families, friends and teachers all recognize and salute your success.

Over one hundred years ago, our founders promised that the university would not be isolated from the world but would share its knowledge and learning with the community to serve the public good. Today you join more than 275,000 University of Alberta alumni worldwide who are fulfilling that promise of building a better world through education.

Learning to live in peace and prosperity will require leaders and citizens with vision, commitment and drive. We hope the knowledge and skills you have acquired during your university years will help you become those good citizens of the world and achieve your dreams.

Congratulations. Enjoy your success and your day of celebration.

Linda J. Hughes, BA, LLD (Hon)
Chancellor

Congratulations to the University of Alberta's class of 2011! Today you become a proud graduate of the University of Alberta, one of more than 275,000 alumni worldwide. Enjoy today's celebration of your accomplishments and the successful outcome of years of study, intellectual growth and personal discovery.

Wherever the next step of your journey may take you, your connection to your alma mater will endure. Throughout your life, remember and be guided by the values we hold dear at this institution. When our first president, Henry Marshall Tory, founded this university, he upheld two ideals: first, that the modern university should be for the "uplifting of the whole people," and second, that we should pursue whatsoever things are true: quaecumque vera. With these two ideals as your beacon, I urge you to follow the lead of thousands of U of A alumni, and with truth and integrity, use your gifts to uplift, build and serve society.

Indira V. Samarasekera, O.C.
President and Vice-Chancellor

On behalf of the Government of Alberta, I am pleased to congratulate the University of Alberta's graduating class of 2011.

Graduation is a tremendous achievement in your life. It is a time to celebrate with friends and family, a time to reflect, and a time to envision the future you see for yourself.

As a graduate of the University of Alberta, I know that the skills and knowledge you have gained will serve you well in whatever future you choose. Whether that future involves starting a career, joining the ranks of Alberta's entrepreneurs, or pursuing further education or professional development, your time at the U of A will prove invaluable as you navigate your chosen path.

Whatever you see for yourself, I hope that you see it happening right here in Alberta. Educated, skilled, and innovative people are a big part of what I envision for Alberta's future.

You have built a foundation at one of Alberta's most distinguished institutions for learning and research. This, partnered with the passion you have for your chosen field, will lead you on an exciting journey. Whether you are driven by technology, the arts, business or science, your contributions will be meaningful.

While your formal education may be ending, I encourage you to keep exploring, achieving, and creating.

Best wishes to you in all of your future endeavours.

Honourable Greg Weadick
Minister of Advanced Education and Technology

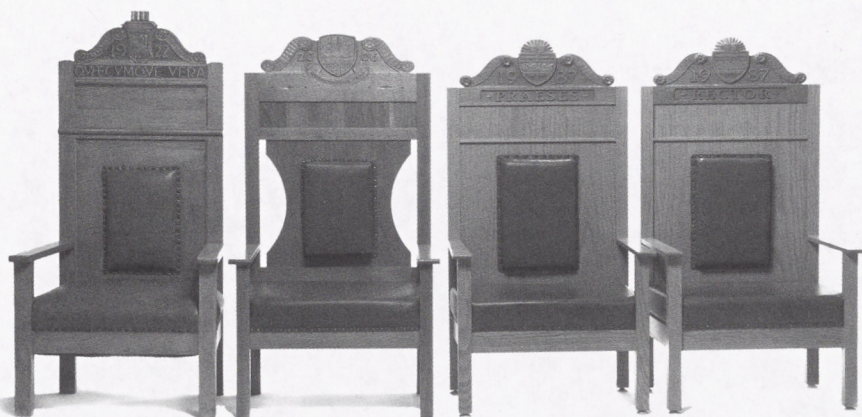

Our Traditions

The University Ceremonial Chairs

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded-leather back is carved the University motto *Quaecumque Vera* together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

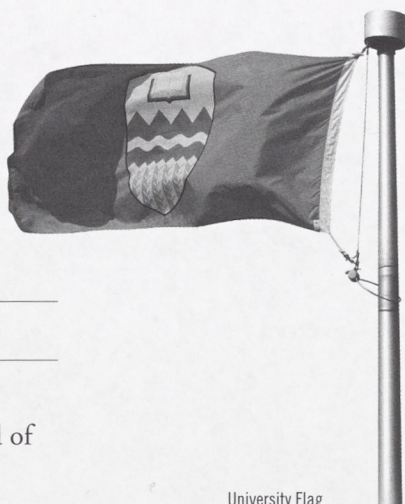

In 2006, a fourth chair was donated in memory and honor of Lois Elsa Hole, beloved Chancellor (1998 – 2000) and Lieutenant Governor (2000 – 2005), by Earl Evaniew, Sandra Kereliuk and their daughter Jennifer. This chair becomes part of the seating arrangements on stage, when the Lieutenant Governor or other high profile dignitaries attend the convocation ceremonies.

University Ceremonial Chairs

The University Flag

The University Flag has a gold background and bears the shield of the Coat of Arms.

University Flag

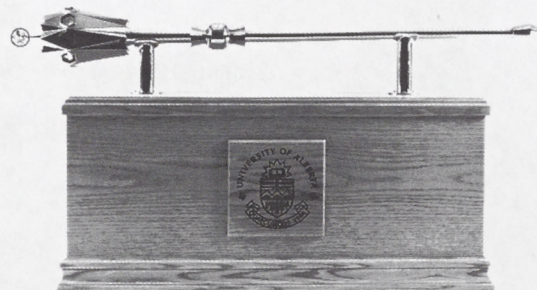

The University Mace

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr. Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 – 1970. It was presented by his son, Michael Galbraith, on behalf of his father on 26 May 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto encircles the staff.

The ceremonial stand for the Mace was donated in 1987 as a memorial gift by family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors 1950 – 1966.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power—but the power of knowledge and the importance of the University in the community.

The University of Alberta Cheer Song

*Ring out a cheer for our Alberta
A song of praise to Varsity.
For the splendour of our mountains
Our prairies green and gold.
Ranked beneath whose glowing colours,
Thy legions march enrolled.
Our memories will live forever
Beloved University.
We will fight for thee and cheer
And ever hold thine honour dear.
Our Alma Mater U of A
Green and gold! Quaecumque vera!
Guide us through each coming era,
Guide us on through battle gory
To a new and greater glory.*

Convocation

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval magna congregatio of all Faculties. It is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods and caps declare, in their various designs and colors, the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to her and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the universitas magistrorum, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. The words "I admit you" and

the placing of the students' hands within the hands of the Chancellor and her associates, bind the students in the appropriate degree to the universitas magistrorum. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Because they bear in themselves the promise of the future, they are what the University hopes to be. Despite its solemnity, convocation is a joyous occasion.

Academic dress at the University of Alberta generally follows the tradition of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. See Academic Dress on page 31 for a detailed description of ceremonial colors.

Conferring of Degrees

The Presentation

The Senior Dean presents the candidates for degrees with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the uplifting of the whole people; to inspire the human spirit; for all who believe, to serve your God; and to pursue more steadfastly whatsoever things are true."

The graduates remain in their places.

Lieutenant Governor of Alberta

Salute to the Lieutenant Governor

When the Ceremonial Procession has reached the stage, a musical salute will be played in honor of the Lieutenant Governor. The Vice-Regal Salute is composed of the first six bars of the Royal Anthem, followed by a short version (the first four and last four bars) of the National Anthem. At the conclusion of the Vice-Regal Salute, the vocalist will lead the assembly in singing the National Anthem.

National Anthem

O Canada! Our home and native land!

True patriot love in all thy sons command.

Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)

Il sait porter la croix! (The True North strong and free)

Ton histoire est une épopée (From far and wide, O Canada)

Des plus brillants exploits. (We stand on guard for thee)

God keep our land glorious and free!

O Canada! We stand on guard for thee.

O Canada! We stand on guard for thee.

Honorary Degree Recipient

CONGRATULATIONS

The Honourable Michael J. L. Kirby

Chair of the Mental Health Commission of Canada, Michael Kirby has had a distinguished career as a public servant and an influential advocate in Canadian society.

Dr. Kirby was born in Montreal and earned Bachelor of Science and Master of Arts in Mathematics degrees from Dalhousie University. In 1965, he received a PhD in Applied Mathematics from Northwestern University and went on to teach at Dalhousie, the University of Chicago and the University of Kent.

He first entered government in 1970 and went on to serve as Secretary to the Cabinet for Federal-Provincial Relations. As Deputy Clerk of the Privy Council from 1980 to 1983, he was deeply involved in the negotiations that led to the patriation of the Canadian Constitution and the adoption of the Charter of Rights in the Constitution.

Dr. Kirby was summoned to the Senate of Canada in 1984 and retired after 22 years of service. From 1999–2006, he chaired the Standing Senate Committee on Social Affairs, Science and Technology. Under his leadership, the Committee produced 11 health care reports, including the first-ever national report on mental health, mental illness and addiction. That report, called “Out of the Shadows at Last”, which he co-authored, was released in May 2006.

One of the key recommendations of the report was the creation of the Mental Health Commission of Canada, which now serves as a catalyst for innovation in the organization and delivery of mental health services and supports. As Chair of the Commission, Dr. Kirby takes an active role in public education, challenging perceptions and attitudes about mental illness within the health care system, in policy circles and amongst citizens across the country.

Named an Officer of the Order of Canada for his leadership on mental health and his contributions to public policy and good governance, Dr. Kirby is widely respected for his creative approach to dealing with complex issues, his willingness to challenge conventional wisdom and his unwavering belief in the dignity of all persons. He has made an enduring difference in the lives of many Canadians.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to the Honourable Michael J. L. Kirby:

Susan Loder milk. *Eadem Mutate Resurgo. Though Transformed, I will Arise Unchanged.* Oregon: Loder milk, 2010.

This limited edition artist's book offers a striking visual expression of a mathematical principle. The artist tells us that the “title is a quote by 17th century Swiss mathematician Jakob Bernoulli. The images, diagrams and equations reference the inherent nature of fractal geometry through the continual appearance of the logarithmic spiral.” Susan Loder milk is a printmaker and a book artist with a strong interest in visual metaphors. For this tunnel book she employs several printing methods (lithography, collagraph, and woodcut) on Stonehenge and Somerset papers. This book is signed by the artist and marked as number ten of twelve copies.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

National Anthem

O Canada! Our home and native land!

True patriot love in all thy sons command.

Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)

Il sait porter la croix! (The True North strong and free)

Ton histoire est une épopée (From far and wide, O Canada)

Des plus brillants exploits. (We stand on guard for thee)

God keep our land glorious and free!

O Canada! We stand on guard for thee.

O Canada! We stand on guard for thee.

Recession

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Those graduates who would like a photograph with the Chancellor may meet her in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Commemorative Videos of your Convocation Ceremony are available for purchase on DVD; please go to ualberta.ca/convocation.

Honorary Degree Recipient

CONGRATULATIONS

Richard M. Hansen

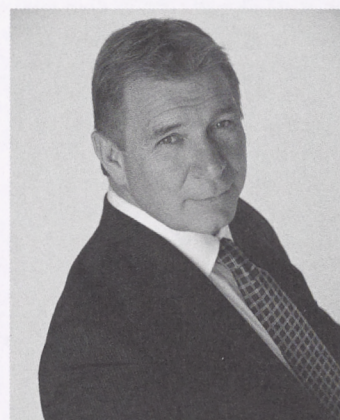

A celebrated athlete and a dedicated social innovator, Rick Hansen is best known in Canada and around the world as the Man In Motion.

He sustained a spinal cord injury (SCI) due to a car crash at the age of 15. Paralyzed from the waist down, he slowly came to terms with how to deal with his new life, setting new goals from new dreams. After months of rehabilitation, Mr. Hansen returned to his first passion: sports. He went on to win 19 international wheelchair marathons, earning nine gold medals and setting nine records at the 1982 Pan American Wheelchair Games. He also won six Paralympic medals and participated in the 1984 Olympic Games, Wheelchair exhibition.

He then set out to make a difference in the lives of others. For two years, two months and two days, Mr. Hansen wheeled more than 40,000 kilometres through 34 countries, raising \$26 million for SCI research and accessibility initiatives. Following the tour, he established the Rick Hansen Foundation to continue his quest for an accessible world and a cure for spinal cord injury.

As President and CEO of the Rick Hansen Leadership Group, his efforts—along with those of many others—have generated over \$246 million for SCI research and quality of life programs. Dedicated to improving the prognosis for newly injured individuals and to increasing support and care for those living with SCI, Mr. Hansen continues to accelerate progress toward healthier and more accessible communities. The 25th Anniversary Relay – which will retrace the Canadian segment of the original Man in Motion World Tour with over 600 stops from coast to coast to coast—is intended to recognize and celebrate difference-makers.

Mr. Hansen earned a Bachelor of Physical Education from the University of British Columbia and received the Lou Marsh Trophy/Canadian Outstanding Athlete of the Year Award with co-recipient Wayne Gretzky. An exemplary role model, he is a member of Canada's Sports Hall of Fame and a Companion of the Order of Canada. Fuelled by his mantra that "anything is possible", he seeks to ensure all individuals can contribute to making a healthier and more inclusive world.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. Richard M. Hansen.

***An Almanac of Twelve Sports* by William Nicholson with words by Rudyard Kipling. London: Heinemann, 1898.**

Published in 1898, this book is as notable for its striking illustrations—which celebrate a wide range of sports from archery to boxing to golf—as it is for the verses written by Rudyard Kipling to accompany the illustrations. These popular illustrations have been republished in various formats and are often available for sale individually. Sir William Nicholson (1872–1949) was a talented printmaker and a successful artist, one whose paintings continue to be shown in retrospective exhibitions, including one at the Royal Academy in 2004–2005. The book was published at a time when lithography had recently made colour printing much easier, but the original illustrations made by the artist were woodblock prints, a fact which is underscored by the strong graphic style of the images.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

National Anthem

O Canada! Our home and native land!

True patriot love in all thy sons command.

Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)

Il sait porter la croix! (The True North strong and free)

Ton histoire est une épopée (From far and wide, O Canada)

Des plus brillants exploits. (We stand on guard for thee)

God keep our land glorious and free!

O Canada! We stand on guard for thee.

O Canada! We stand on guard for thee.

Recession

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Those graduates who would like a photograph with the Chancellor may meet her in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Commemorative Videos of your Convocation Ceremony are available for purchase on DVD; please go to ualberta.ca/convocation.

Honorary Degree Recipient

CONGRATULATIONS

Lawrence Chia-Huang Wang

An outstanding educator, innovator and global citizen, Dr. Lawrence (Larry) Chia-Huang Wang has led the creation of international partnerships, sustainable development practices and economically vibrant rural communities.

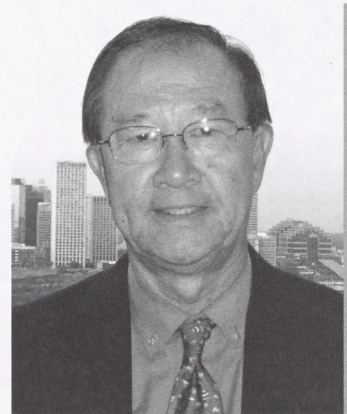

Dr. Wang was born in China and grew up in Taiwan. He obtained his Bachelor of Science degree from National Taiwan Normal University, his Master of Science degree in Biology from Rice University in Houston, Texas, and his PhD in Animal Physiology in 1970 from Cornell University in Ithaca, New York. His thirty-five years of teaching, research and community service at the University of Alberta included several years as a presidential advisor linking the university with key academic and government partners in Asia.

Dr. Wang's research focused on energy and fat metabolism and the enhancement of cold tolerance in humans, hibernation and hypothermia in mammals, and the influence of herbs such as ginseng on learning and memory, aging, exercise and obesity. His publications include five patents, five edited books, and over 150 original scientific research papers and reviews. He is the inventor of the Canadian Cold Buster bar and the Access bar, a patented, technology-transferred "functional food" currently marketed in 12 countries on four continents.

Dr. Wang has received numerous awards including the Innovative Technology of the Year, Alberta Science and Technology Leadership Award as well as the Gordon Royal Maybee Award from the Canadian Institute of Food Science and Technology. He has held visiting and honorary professorships in prestigious academic institutions in China such as Peking Union Medical College and Peking University.

In 2000, Dr. Wang co-founded the University of Alberta's ECO (Ecological Conservancy Outreach) Fund. The main objective of the ECO Fund is to help with rehabilitation and eco-management of the Upper Yangtze River. In addition to providing funding, Dr. Wang and fellow scientists have provided technical and socio-economic expertise to 14 ECO projects in China.

An elected Fellow of the Royal Society of Canada and a recipient of the Friendship Award, the highest honour the government of China bestows upon foreign experts, Dr. Wang has made lasting contributions to the pursuit of knowledge and the alleviation of poverty.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Lawrence Chia-Huang Wang:

Eliot Porter. *All Under Heaven: The Chinese World*. New York: Pantheon, [1983].

This beautiful photographic celebration of modern China and the Chinese people contains over 125 brilliantly-hued colour plates by Eliot Porter (1901–1990). Porter was one of the first fine art photographers to successfully shift from black and white to colour photography, and he did so in order to better represent the natural world. Throughout his career, Porter's work was informed by environmentalist principles and these led him to create book-length photographic studies of landscapes with particular ecological significance. As a mature artist, Porter occasionally explored cultural subjects, including classical Greek sites and modern China. This book is housed in an original clamshell box; it is signed by the artist and marked as number 144 of 250 copies.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

As a graduate of the University of Alberta you should be proud. You have joined the ranks of more than 275,000 U of A alumni, many of whom have made remarkable contributions to the world.

In keeping with that tradition, your Alumni Association encourages you to bring honour to your University through your accomplishments, to celebrate the achievements of U of A grads and your University, and to stay involved with your alma mater.

We also encourage you to participate in alumni programs. To learn more, visit our website at www.ualberta.ca/alumni and find out how to:

- **Join the conversation** – Join us on Twitter and LinkedIn, check out the Alumni Facebook page and sign up for e-Trail.
- **Have Fun and Relax** – Meet and mingle with other grads at an Alumni Shindig after work.
- **Keep Learning** – Attend any of our *Educated* programs. We offer events discussing food, wine and other lifestyle necessities, as well as lectures from the U of A's most interesting researchers.
- **Travel** – Join other grads and see the world.
- **Save Money** – Get better auto, home and life insurance rates.
- **Network** – Join an Alumni Chapter in Edmonton or an Alumni Branch that can be found in over 50 cities around the world.
- **Read *New Trail* and *e-trail*** – Keep up to date on the latest news about your alma mater, alumni events, and your fellow grads.

Academic Dress

All undergraduate and master's degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.

Hoods are made in the Oxford pattern of spruce green material. The Bachelor's hood has a border three inches wide of the color(s) distinctive of the Faculty as noted below. The Masters' hood has a full lining of the color(s) distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

'Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctors' hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and

matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.
